Sewerby

Butterfly City is a project in Hull, to make Hull the first Butterfly City in the country. By planting buckthorn, it helps the Brimstone butterfly thrive. This design not only shows the Brimstone but many of the other butterflies that can be seen around Hull. By planting wildflowers and creating habitats for wildlife in the city, we can help many species and insects survive.

## MARCH

Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday
		1	2	3	4	5
6	7	8	9	10	11	12
13	14	15	16	17	18	19
20	21	22	23	24	25	26
